PT. BRM PILE

PT. BALIKPAPAN READY MIX PILE

PRODUCTS CATALOGUE

PRECAST CONCRETE SOLUTIONS

Specializing in high quality Prestressed Precast Concrete

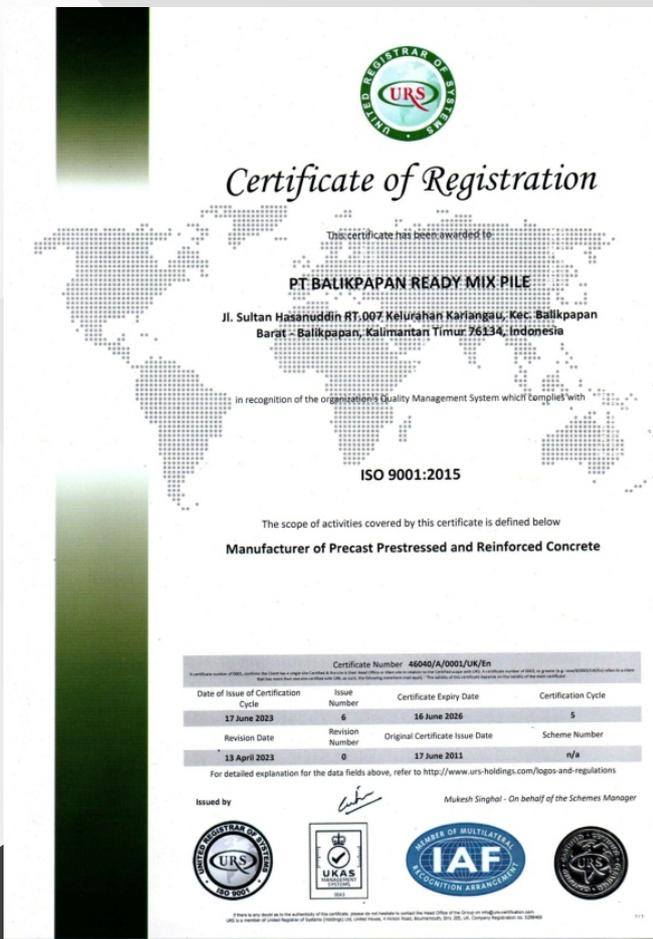

CERTIFICATE NUMBER: 46040/B/0001/UK/EN

PT. BALIKPAPAN READY MIX PILE

Implementation of the ISO 9001: 2008 and Implementation of the ISO 45001 : 2018

gives added value to the customer with the quality
of the product meeting international standards

UNITECH REGISTRAR OF SYSTEMS

Certificate of Registration

This certificate has been awarded to:

PT BALIKPAPAN READY MIX PILE
 Jl. Sultan Hasanuddin RT.007 Kelurahan Kariangau, Kec. Balikpapan Barat - Balikpapan, Kalimantan Timur 76134, Indonesia

In recognition of the organization's Quality Management System which Complies with

ISO 9001:2015

The scope of activities covered by this certificate is defined below
Manufacturer of Precast Prestressed and Reinforced Concrete

Certificate Number 46040/A/0001/UK/En			
Date of Issue of Certification Cycle	Issue Number	Certificate Expiry Date	Certification Cycle
17 June 2023	6	16 June 2026	5
Revision Date	Revision Number	Original Certificate Issue Date	Scheme Number
13 April 2023	0	17 June 2011	n/a

BRM Pile Balikpapan Factory

PT. Balikpapan Ready Mix Pile (BRM Pile) was established in 2005 as part of an expansion from our holding PT Balikpapan Ready Mix (BRM), with the main objective to be the leader in manufacturing a wide range of high quality pre-cast concrete products.

As the pioneer for the highest level of pre-cast concrete products in this region, PT BRM Pile has successfully taken part in a diversified range of major projects; varying from domestic housing projects, to commercial development projects with the construction of warehouses, offices, shopping centers, sports stadiums, harbor installations and high rise buildings.

PT BRM Pile is located in Balikpapan, Kariangau industrial area, which is the hub for businesses and developments in the region. Most importantly PT BRM Pile being located at the center of the east coast of Kalimantan, maximizes our coverage area enabling us to efficiently fulfill our client's tight schedules and requirements.

PT BRM Pile occupies 17 hectares of land and benefits from a very strategic location which has both land and sea access. PT BRM Pile is also equipped with a high number of production machinery, guaranteeing the quality and high standard of our products, with our prices continuing to be ever competitive.

As the result of our high professionalism, strong quality control, and most importantly, the value we place on our customers, PT BRM Pile has gained a high level of trust from our clients, as well as a high degree of respect from our competitors.

VISION

To be the leader in the precast concrete industry in Indonesia following International standards, providing high-quality products through continual development with the ability to harness the potential of regional and global markets.

MISSION

To produce high quality products with innovation and grow into a Learning Organization in order to give the highest satisfaction to customers

ISO 9001 : 2015
Quality Management System

ISO 45001 : 2018
Health and Safety System

TABLE OF CONTENTS

Implementation of the ISO 9001 : 2015 01

Company Profile : History, Vision, Mission 02 - 03

Table Of Contents 05

Factory Facilities 04 - 05

Spun Pile : Ø300 Up To Ø800 06

Square Pile : 30x30 up to 50x50 07

Mini Pile : Square 20x20, 25x25 08

Sheet Pile : Corrugated Concrete Sheet Pile 09

Sheet Pile : Flat Sheet Pile 10

Girder : I Girder 11

Drainage : Box - Drain – U-Drain - RCP - Custom 12 - 14

Projects To Date 15 - 30

- Large stock pile area
- Our group manages its own quarry in Central Sulawesi
- Latest technology in all of our equipment
- Both land and sea access

► Product Specification

Concrete strength : $F_c' = 52 \text{ Mpa (K-600 kg/cm}^2 \text{)}$

Type of pile : Prestressed concrete

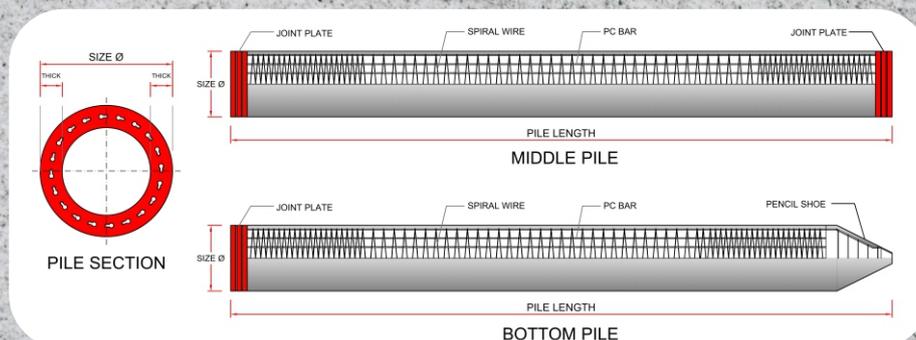

Type of shoe : Pencil shoe

Splice method : Joint plate welding

Driving method : Hydraulic hammer, Jacked system, Diesel hammer

► Product Specification

- Concrete strength : $F_c' = 30 \text{ Mpa}$ (K-350 kg/cm²)
- Type product : Precast concrete
- Dimension : All Dimension are in millimetre (mm)
- Reinforcement steel : Rebar U24, U40 and Wire Mesh U50
- Joint : Male female, (*) "Female-female"
